

Licensed A Grade Electrician | Full-time

Commercial Contracts + private clients

Job security and diverse work

Salary + super, uniforms & company vehicle

- Commercial and domestic installation, repairs and maintenance
- Compliance test and tag, RCD, emergency light

Due to the increased workload, we are seeking the services of a qualified A-Grade electrician with extensive experience in commercial and electrical compliance work. Your varied and exciting duties and responsibilities will include:

- Carrying out electrical work in line with company requirements and processes
- Completing maintenance and repair electrical work to a high standard
- Installing minor electrical equipment
- Repairing and maintaining, single phase and 3-phase
- Compliance testing and tagging of all portable electrical equipment.
- Compliance testing and installation of emergency lighting, exit signs and RCDs
- Caballing, data installations
- Investigate equipment failure/malfunction and implement or coordinate repairs.
- Fault finding and testing.
- Assisting with other maintenance requirements
- Performing work in a safe manner, abiding by the company and legislative safe work procedures, instructions, and safety management practices

The successful candidate will have the following attributes and qualifications:

- A Grade Electrician with a minimum of 5+ years as a qualified electrician in a similar role
- Current Victorian manual Driver's Licence
- Construction Induction White Card
- A current CPR Certificate is desirable
- Demonstrated experience in commercial electrical maintenance.
- Demonstrated experience in installations, service and identifying faults.
- An excellent understanding of electrical maintenance and installation work across commercial, residential, and industrial
- Understand and adhere to work permits, procedures and work method statements.
- Excellent knowledge of AS3000 and OHS&E requirements.
- Police and Working with Children checks, or you are willing for us to obtain them?
- A Culture of Safety and Zero Harm focus
- Attention to detail.
- Ability to work independently.
- Punctual, with high standards of personal presentation
- Good client communication and customer relationship skills
- Comfortable working in professional offices
- Computer literate
- Effective communication skills, written and verbal.
- Impeccable work references

This position offers ongoing varied and exciting work. Excellent terms of employment. You will be provided with uniforms, some tools, and a company vehicle. Wages including superannuation are paid fortnightly.
